Where Are Your Tax Dollars Going?

An audit says its unclear.

By Natalie Sannuti

Tuesday, August 29, 2006

Millions of dollars can't be pinpointed. The finding is part of an audit of Delaware state spending. State Auditor, Tom Wagner, released the report which reveals a list of state agencies did not provide reasons for no-cash transactions, instances in which one state office pays another for a service. Over \$265 million lacked supporting documentation and over \$6 million did not have proper authorization.
